4 GOLDEN RULES FOR USING AI

- 1 AI improves how you present real experience.**
Never let it invent skills, numbers, tools or jobs.
- 2 You must own every line.**
If you cannot explain it in an interview, remove it.
- 3 Protect your data.**
Do not paste ID numbers, bank details or your full home address.
- 4 Tailor each application.**
One resume for every job usually weakens your chances.

3 AFTER YOU APPLY

Follow up and prepare

- ☐ Save the JD + resume version you sent
- ☐ Record date & status in your tracker
- ☐ Follow up after 5-7 days P47, P35
- ☐ Connect with relevant people P32, P34
- ☐ Predict likely interview questions P36
- ☐ Build answers from real examples P37
- ☐ Prepare for gaps or a career change P38, P39
- ☐ Run a mock interview P40

4 INTERVIEW & OFFER

From first call to decision

- ☐ Prepare "Why this company?" P29
- ☐ Practise "Tell me about yourself" P5
- ☐ Send a thank-you within 24 hours P46
- ☐ Research a fair salary range P41
- ☐ Prepare your salary answer P42
- ☐ Evaluate the full offer P43
- ☐ Negotiate what is negotiable P44
- ☐ Decide using your priorities P45
